About Entrepreneurship Development Cell JNTUH

Entrepreneurship Development Cell (EDC) at Jawaharlal *Nehru Technological University Hyderabad, Hyderabad (JNTUH)*, formerly known as *Jawaharlal Nehru Technological University, Hyderabad*, was established in February, 2002 with the support from the Department of Science and Technology (DST), Govt. of India, New Delhi and promoted by JNTUH.

The Government of India has identified 'Entrepreneurship' as one of the principal mechanisms for the mitigation of Unemployment and Under-employment amongst Science & Technology Graduates in the country today. National Science and Technology Entrepreneurship Development Board (NSTEDB), set up in 1982 under the DST, felt that the EDCs, now known as Innovation & Entrepreneurship Development Cells (IEDCs), created in the Educational Institutions would not only would help in strengthening Industry-Institute Interaction, but also promote Entrepreneurial Culture in Technical Institutions and Institutes of Higher Learning. In order to make optimal use of Facilities, Expertise and know-how available in the Technical Institutions for the benefit of the society, it has been necessary that appropriate links are established between Institutions and the Industry. Special emphasis has been laid on Entrepreneurship and Self-Employment, keeping in view the present mandate of Trained Manpower that graduate out of Technical Institutions.

About Entrepreneurship Development Institute of India

The Entrepreneurship Development Institute of India an autonomous body and non-profit institution, set up in 1983. EDII aims at Enterprise creation, Employment generation and poverty alleviation at grassroots through developmental interventions and to augment the supply of new entrepreneurs through Education, Research and Training and also to create a cadre of trained social entrepreneurs. EDII Act as a Repository of knowledge in the area of women entrepreneurship Development.

About SPARC

M/S SPARC Consultants Pvt Ltd is promoted by senior Management experts with educational background covering Technical Degree and PGDM from the prestigious Indian Institute of Management Kolkata followed by 40 years of industrial experience in various fields of management. These experienced corporate managers with diverse industry exposure of four decades and an express desire to disseminate their knowledge and skills led to the formation of SPARC CONSULTANTS PVT LTD. They are now actively promoting Entrepreneurship skills among youth Community by conducting Training & Mentoring sessions.
